### Credit Purchases

A Finance Charge will be imposed on Credit Purchases only if you elect not to pay the entire New Balance shown on your monthly statement for the previous billing cycle within 25 days from the closing date of that statement. If you elect not to pay the entire New Balance shown on your previous monthly statement within that 25-day period, a Finance Charge will be imposed on the unpaid average daily balance of such Credit Purchases from the previous statement closing date and on new Credit Purchases from the date of posting to your account during the current billing cycle, and will continue to accrue until the closing date of the billing cycle preceding the date on which the entire New Balance is paid in full or until the date of payment if more than 25 days from the closing date.

The Finance Charge for a billing cycle is computed by applying the monthly Periodic Rate to the average daily balance of Credit Purchases, which is determined by dividing the sum of the daily balances during the billing cycle by the number of days in the cycle. Each daily balance of Credit Purchases is determined by adding to the outstanding unpaid balance of Credit Purchases at the beginning of the billing cycle any new Credit Purchases posted to your account and subtracting any payments as received and credits as posted to your account, but excluding any unpaid Finance Charges.

### Cash Advances

A Finance Charge will be imposed on Cash Advances from the date made or from the first day of the billing cycle in which the Cash Advance is posted to your account, whichever is later, and will continue to accrue until the date of payment. A Finance Charge will be imposed on Credit Purchases from the date the Credit

Purchases is posted to your account and will continue to accrue until the date of payment.

The Finance Charge for a billing cycle is computed by applying the monthly Periodic Rate to the average daily balance which is determined by dividing the sum of the daily balances during the billing cycle by the number of days in the cycle. Each daily balance is determined by adding to the Previous Balance (the outstanding balance of your account at the beginning of the billing cycle) any New Cash Advances received and any new Credit Purchases posted to your account, and subtracting any payments as received or credits posted to your account but excluding any unpaid Finance Charges.

### Periodic Rate; Annual Percentage Rate

Cardholder agrees to pay monthly for all credit extended on the basis of the Credit Card, including FINANCE CHARGES, which are computed by multiplying the cardholder's average daily balance by a monthly periodic rate equal to 1/12 of your ANNUAL PERCENTAGE RATE. Pioneer Mutual Federal Credit Union makes no representation or agreement that your interest rate or FINANCE CHARGE is or will ever be above, below or equal to any other cardholder's interest rate or FINANCE CHARGE. All other things being the same, any rate increase will increase the amount of the FINANCE CHARGE and may increase the scheduled minimum payment. The current Periodic Rate used to compute Finance Charge for Credit Purchases is:

### Gold:

1.065% per month; the corresponding Annual Percentage Rate is 12.95%. Any changes in APR will be notified to members within 45 days.

### Minimum Periodic Payment

The minimum periodic payment required is \$25.00 or 2% of the total New Balance as shown on your monthly billing statement which ever is greater. If the New Balance is less than the minimum payment; the entire outstanding balance is due to be paid in full. If the New Balance exceeds the minimum periodic payment, that portion of the New Balance which does not exceed your credit limit, plus the entire portion of the New Balance in excess of your credit limit, plus any amount past due, or \$25.00, whichever is greater is due.

### Annual Fee

There is NO annual fee

### Late Charge

If a payment of at least the amount of the minimum required payment is not received on the due date by close of business, a late charge of \$15 for balance less than \$750 or \$25 for a balance of \$750 or more shall be imposed.

### Over-the-Credit-Limit Fee

There is NO Over-the-Credit-Limit Fee

### Research/Documentation Charges

A charge of \$4.00 per copy will be imposed for copies of statements, sales tickets and other documents related to the account. Additionally, there will be a \$20.00 per hour or \$5.00 minimum research fee. No charge will be made in connection with any good faith assertion of a billing error on the account.

### Returned Check Charge

A returned check charge in the amount of \$30.00 will be imposed for each check used in payment on the Credit Card account which is subsequently returned unpaid for any reason by the bank on which it is drawn

### Security Interests

If you have other loans from Pioneer Mutual Federal Credit Union, or take out other loans with the credit union in the future, collateral securing those loans will also secure your obligations under this agreement. However, unless you expressly agree otherwise, your household goods and primary dwelling will not secure your obligations under this agreement even if the credit union has or later acquires a security interest in the household goods or a mortgage on the dwelling. If you have executed a written agreement granting a security interest in any deposit accounts (checking, savings, or share accounts) or other funds held by Pioneer Mutual Federal Credit Union to secure your obligations under this credit card plan, such accounts and/or funds are additional securities for your obligations to Issuer arising from the use of your Card.

### Billing Errors/Cardholder's Rights

**Refunds Of Credit Balances Over One Dollar.** When you return merchandise or pay more than you owe, you can choose either to keep a credit balance on your account or contact your card issuer for a refund, which will be sent to you within seven business days. If a credit remains on your account for over six months, the issuer will make an effort to reimburse you.

**Errors on Your Bill.** Included in your credit card bill, you will find the Billing Rights Summary that includes instructions for Incase of Errors or Questions about Your Bill, Special Rule for Credit Card Purchases and Cardholder Statement of Disputed Items. If you notice a billing error, you can challenge the charge and refuse payment while the credit issuer looks into it. You will need to dispute the charge in writing within 60 days of receiving the bill. The card issuer has two billing cycles (or 90 days) to either fix the mistake, or to confirm and explain the accuracy of the charge.

**Unauthorized Charges.** If your credit card is used without your knowledge, you can be held liable for up to \$50 per card. You can't be held responsible for anything if you report a missing card before it gets used.

**Lost Cards.** If you don't report a lost card before it's used, the most you will have to pay is \$50. Always report a missing credit card as soon as possible. You will find a toll-free, 24-hour numbers on your statement that you can contact in these emergencies.

**Disputes About Merchandise Or Services.** If you have a problem with merchandise or services that you charged to a credit card that was not issued by the seller, you have the right to withhold payment from the card issuer under certain conditions: You must have made the purchase in your home state or within 100 miles from your residence and the purchase amount must exceed \$50. If a cardholder effects a transaction with a MasterCard card in a currency other than U.S. dollars, MasterCard will convert into a U.S. dollar amount by using its currency conversion procedure. Under the currency conversion procedure that MasterCard currently uses, the non-U.S. dollar transaction amount is converted into a U.S. dollar amount by multiplying the transaction amount in non-U.S. dollar currency by a currency conversion rate. The currency conversion rate that MasterCard typically uses is either a government-mandated rate, or a wholesale rate provided to MasterCard increased by a percentage (currently 1%). The currency conversion rate that MasterCard uses for a particular transaction is the rate MasterCard uses for the applicable currency when the transaction is processed. The rate may differ from the rate in effect when the transaction occurred of when it was posted to the cardholder's account.

In the event of any dispute relating to your credit card or cardholder contract, the dispute will be resolved by binding arbitration pursuant to the rules of the National Arbitration Forum and both you and we agree to waive the right to go to court or to have the dispute heard by a jury (except in regard to any collection activities on your account). You and we will be waiving any right to a jury trial and you also would not have the right to participate as part of a class of claimant relating to any dispute with us. Other rights available to you in court may also be unavailable in arbitration. When you receive your card holder contra you should read the arbitration provision in your contract carefully and not accept or use the card unless you agree to be bound by the arbitration provision.
